Tracy Airport Association Meeting

Date: July 14, 2020

Location: Skyview Aviation Lobby, 5749 S Tracy Blvd Tracy, CA 95377

Call to order: 1900

In attendance: Conchita Ortenheim, Richard Ortenheim, Jose Suez, Sunny Sethi, John Moore, Gary Harding, Michael T.

Treasurers Report Approval: **Monthly Treasurer's Report**

Sunny Sethi
Treasurer, Tracy Airport Association Treasurer's report approved.

New Business: Approved minutes of last meeting, with one small change being the adjournment time of the last meeting to 1900.

Review of Paula letter and comments about it not including the addressing oil dump, water to hangars and other concerns. We read and commented on most points of Paula's letter.   There were many suggestions as well as having a BBQ area available to all pilots.   It was agreed that we need to fashion a letter to City Management, Brian expressing our primary needs and concerns for the airport. Concern for the new bathroom design, lack of proper airport inspections as exhibited by signage on the ground in disrepair. Comments that parks and recreation could not keep the airport in decent condition.

It was decided that we should fashion a letter to Brian requesting an in person meeting to express our concerns and get specific comments regarding the solutions. Do Ralph and Rudy have training in airport operations, ie. FOD removal on a day to day basis?

Discussed creating a questionnaire to all airport tenants asking in order of priority what they would like to see at Tracy Airport. Then forward these desires to the City of Tracy. 6 or 8 items that are most

important.

Discussed fly outs again at 1.5 to 2.0 hours distance as well as trip to Williams Glider Port for multiple rides.

We had several recent fly outs to HAF and WVI, Fraser Lake and Oceano. Did fly bye of Monterey Bay academy, still closed.

Approved paying Cal Pilots payment of $100 for annual. That motion was approved.

Move the meeting adjourned 2049, February 12, 2020 and seconded.

Adjournment:

Michael Thibodeau.
Secretary TAA
